

Intravenous Sedation

£96

The use of safe and effective drugs to help nervous and apprehensive patients to relax. Ensuring that the patient is fully conscious, but at the same time relaxed.

Please note that our Price List only gives an indication of the likely cost of treatment. Your dentist will give you a detailed estimate when a treatment plan is formulated and even this may have to be changed as treatment progresses. If you are unclear please ask and we will endeavour to provide information or explanations you need.

Maintenance & Comprehensive Plan patients

Patients on our Maintenance Care Plans will receive a discount of approximately 10% on these fees which are based on a chargeable hourly rate of **£192 per hour**.

The supplementary Insurance for emergencies covers all but the excess of £15 for an out of hours call out and is subject to policy limits.
